SENATOR TO VISIT GOVERNOR MIFFLIN'S SOLAR PROJECT

SHILLINGTON, PA, SEPTEMBER 2011 - On Thursday, September 22, 2011, at 3:45 p.m., Pennsylvania Senator Judith L. Schwank will visit Governor Mifflin School District to observe the installation of solar panels on campus. The panels, provided through a 20-year agreement with UGI, reflect the district's commitment to environmental stewardship and energy efficiency. With the solar program, the district anticipates saving roughly \$40,000 per year in energy costs.

The solar panels are currently being installed on the roofs of Governor Mifflin's intermediate school, middle school and high school. All panels are scheduled to be operational by September 30.

The media is welcome to report on Senator Schwank's visit to Governor Mifflin School District. For a detailed itinerary and to schedule a visit or interview, please contact Keri Morton at 610-775-1312 or kmorton@gmsd.k12.pa.us.
