Rivals Mifflin and Wilson to face off in faculty basketball game

Who: Faculty members from Governor Mifflin and Wilson School Districts

What: Governor Mifflin and Wilson are accustomed to spirited match ups. But when the two rivals meet on the basketball court this week, it will be teachers who will battle for bragging rights. The second annual Mifflin/Wilson Faculty Basketball Game is a collaborative effort between Governor Mifflin High School Student Government and Wilson's Mini-Thon organizers. The event raises money for each district's Mini-Thon to benefit pediatric cancer research through The Four Diamonds Fund.

Governor Mifflin's team returns to the court to seek redemption after last year's Wilson win. This year, the Mustangs added to their roster and bolstered their coaching staff with Governor Mifflin Athletic Director Pat Tulley. This year's roster includes: Tony Deininger, Band Director; Rich Kaskey, Cumru Elementary Principal; Nick Morrissey, High School Social Studies Teacher; Todd Williams, High School Social Studies Teacher; TJ Miller, Middle School Social Studies Teacher; Pat Sisk, High School Social Studies Teacher; Dave Argentati, Mifflin Park Principal; Chris "Doc" Vecchio, High School Health/Physical Education Teacher; Dan Gassert, High School Social Studies Teacher; Eric Marsch, Middle School Social Studies Teacher; Irene Ziemer, High School Math Teacher; Kim Murray, Elementary Teacher; Corey Winson, Health/Physical Education Teacher; Bob Mochan, High School Health/Physical Education Teacher; and Meredith Carrier, High School Science Teacher.

Where: Governor Mifflin Intermediate School Gymnasium
600 Governor Drive, Shillington

When: January 22 at 7:00 p.m.

In case of inclement weather, the game will take place January 30 at 7:30 p.m.
