

## Title I Parent Involvement Policy 2018-2019

Cumru Elementary supports active parent involvement and parent participation in the education of their children through the federally funded Title I reading program. Children benefit when home and school share responsibility and are active partners in their education.

The Cumru Elementary School, which is served under Title I, shall:

- Hold parent meetings twice a year, once each in the spring and fall. Parents will be informed of these educational programs and involvement opportunities.
- Offer workshops/informational sessions for parents to provide materials and training to work with their children at home.
- Share information about assessments used to measure student progress and the proficiency levels students are expected to meet.
- Provide opportunities for parent-teacher conferences and give reports to parents on their children's progress.
- Ask for parent input regarding the Title I Parent Involvement Policy and Home/School Involvement Compact.
- Inform parents of opportunities for volunteering and visiting at school.
- Contact parents to discuss progress/concerns.
- Encourage parents to use the following URL for more information: <http://www.governormifflinsd.org/district/title-i.asp>

(Sept. 2018)
